Subject: Responses to MDNR's Additional Comments
[Final Responses to MDNRs Additional Comments 10-3-15.pdf](#)

All,

Attached please find our final (revised) responses to the additional comments on the responses to comments on the Work Plan for Additional Characterization of Areas 1 and 2 that were provided by MDNR on September 1, 2015. These responses replace the incorrect version that I mistakenly distributed on Tuesday September 29, 2015.

Please let me know if you have any questions regarding these responses to comments or any other aspect of the work.

Thank-you, Paul
